Field Trip Highlights:

These are just a few of the multiple experiences we had this week:

In House- we spent the 1st half of the day learning Spanish, Sign Language, and science.

- **Spanish-** Ms. Acevedo taught us greetings, the differences in gender when we speak and followed up with a game called "Name that Sentence"
- **Science-** Mr. Nicely taught us how sharks use electrical receptors to find prey and to avoid becoming prey as well.
- **Sign Language-** Ms. Mackall taught us the alphabet.

Riverside Dinner Theater- everyone enjoyed the patriotic songs performed throughout the show. For some campers, it was their 1st exposure to the arts!

Roller Skating- We had a blast learning how to skate to music! For some of us, staying on our feet was the biggest challenge of the day! It was a GREAT WEEK!

Next week Adventure

- ❖ Yeah! We have reached the magic number of eight in order to start swimming lessons. Applications are still available!
- ❖ During devotions, the campers are working on the power of prayer and learning key words for praying. Located at the bottom of the news letters are some of the prayers we are working on.

Reminders:

- ✓ Parents please **apply sunblock** on your camper before dropping them off at camp. As the weather continues to change and the campers are often engaged in outdoor play, including swimming the extra protection is needed.
- ✓ T-Shirts must be worn on all field trips
- ✓ Campers must wear sneakers at all times for safety's sake.
- ✓ Tank/midriff tops are not allowed at camp.
- ✓ Swimsuits must be one piece only; you also need to bring a cover-up for traveling to the pool.
- ✓ Due to the high energy we are exerting at camp, we have included two breaks into our routine. We now have a fruit break (fruit only) and an afternoon snack (campers choice). Parents! Please include extra snacks in your child's lunch to accommodate for these breaks.
- ✓ On field trip days, please pack only disposable items for lunch. Transition is smoother and our campers travel lighter ☺
